Summer Series Wraps

We are pleased to share that we more than doubled the number of participants in our summer series! 430+ youth joined us at no cost for our Youth Summer Series which offers an introduction to tool use and safety through interactive project-based learning.

Welcome to our New Director of Development + External Affairs!

A true ATL native, Julia Mayfield joined us this spring as a revitalizing force leading our Development Department. She brings a wealth of knowledge and experience in the sector, though Julia has really never met a power tool she's known how to use. When she's not charming the likes of our members and community, Julia and her pup can be found running up hills in Midtown, ATL. Shoot her a note at julia.mayfield@toolbank.org for any inquiries or connection!
